## Profile

Staff Product Designer with 14 years of experience, including the last 5 focused on scalable design systems and design engineering. Specialized in system architecture, token-driven workflows, governance, and cross-functional collaboration between design and engineering.

Experienced building enterprise-grade design infrastructure, improving operational efficiency, and creating systems designed for long-term scalability and maintainability across distributed product organizations.

## Core Skills

Design Systems · Design Engineering · Token Architecture · Design Operations · Accessibility · Motion Systems · Figma-to-Code Workflows · React · Angular · TypeScript · Storybook · CI/CD

## Professional Experience

### **Wigou · Staff Product Designer · Jul 2025 – Present**

Bioma Design System for LaSegunda · Remote, Argentina

- Led the audit and redesign of Bioma's design system architecture, identifying scalability, consistency, and workflow optimization opportunities across design and engineering
- Standardized token structures, governance workflows, and automated Figma-to-code processes using Figma MCP to improve maintainability and implementation consistency
- Established scalable contribution processes while shipping 40+ production Angular components with accessibility standards and Storybook documentation

### **Atipicus · Staff Product Designer · Jul 2025 – Mar 2026**

MiRedSalud Design System · Remote, Chile

- Led the end-to-end architecture of MRS-UI, a production design system built on MUI v6 with full Figma-to-code parity.
- Built 60 production React components, automated token pipelines, and npm distribution workflows with CI/CD and governance standards.
- Remediated design debt across 8 product surfaces by replacing 760 hardcoded values with token-driven theming infrastructure

**Betterfly · Staff Product Designer · Dec 2021 – Mar 2025**

Bubble Design System & Motion System · Remote, Chile

- Architected Bubble, Betterfly's cross-platform design system, and established the company's motion standards across product experiences.
- Built and scaled a token-driven system with 70+ production components, governance workflows, and documentation standards adopted across 9 product teams
- Defined motion principles, timing tokens, and reusable interaction patterns, reducing design-to-engineering handoff time by 30%

**Calificadas (500Latam) · UX Product Manager · Mar 2022 – Dec 2023**

Calificadas MVP / B2B2C Platform · Remote, Argentina

- Led 0-to-1 product development across discovery, user research, roadmap planning, and cross-functional execution
- Defined product requirements and prioritized initiatives balancing user needs, business goals, and technical feasibility
- Contributed to securing early-stage investment and acceptance into the 500 LatAm accelerator program

**Kunder · Product Designer · Jan 2021 – Dec 2021**

*Financial & Insurance Platforms · Remote, Chile*

- Led end-to-end product design for financial and insurance platforms operating under strict regulatory requirements
- Conducted discovery, workflow definition, and UX strategy across products for Solventa, Banco BICE, HomeIn, Abcdin, and Betterfly
- Partnered with stakeholders, product owners, and engineering teams to deliver scalable product solutions

**Freelance · Senior UX/UI Designer · 2013 – 2021**

*Independent Consultant · Remote, Argentina*

- Delivered branding, digital product, and web design projects for startups, SMBs, public organizations, and educational institutions
- Managed multidisciplinary client engagements across strategy, visual design, and implementation workflows
- Co-organized Neactiva, a regional design conference held between 2013 and 2018

# Teaching & Mentorship

## **Universidad de la Cuenca del Plata · 2013 – 2024**

*Adjunct Professor · Corrientes, Argentina*

- Delivered courses in Typography, Multimedia Design, Portfolio Development, and Professional Practice

## **Universidad Nacional del Nordeste · 2011 – 2024**

*Professor & Graphic Design Career Coordinator · Resistencia, Argentina*

- Taught Information Design and advanced graphic design courses
- Served as Academic Coordinator between 2019 and 2023, facilitating alignment between teaching teams and institutional stakeholders
- Participated in the redesign and modernization of the Graphic Design academic curriculum

# Education

- Master's Degree in Information Technology (Candidate)  
Universidad Nacional del Nordeste · 2022 – Present
- Advanced Graphic Design Specialization  
Universidad de la Cuenca del Plata · 2014
- Interactive Design Specialization  
Universidad de la Cuenca del Plata · 2013
- Bachelor's Degree in Graphic Design  
Universidad Nacional del Nordeste · 2006 – 2012

# Certifications

Certifications: Accessibility Design for All · Gamification & User Engagement · Foundations of UX Design

# Languages

Spanish — Native

English — Professional Working Proficiency
